DS 2019-043 by Robert R. Sheppard of Monroe County, Florida:

Robert Sheppard, petitioner provided detail on his request. He stated he was not in agreement with the staff analysis due to the research he had completed.

Mr. Madani provided the background of the declaratory statement request and advised the following question with staff response:

Question:

When the aforementioned 2-Family Dwellings are designed and constructed as described, are the requirements for "separate means of egress" satisfied by the shared deck and single staircase with point of exit discharge at the "yard"?

DS 2019-043 by Robert R. Sheppard of Monroe County, Florida (cont.):

Answer:

The answer to Petitioner's question is yes. The shared deck of the project in question is considered a "court" as defined in section R202, Florida Building Code, Residential, 6th Edition (2017). The proposed shared deck and single staircase with point of exit discharge at the "yard" would therefore satisfy the requirement of section R101.2, Florida Building Code, Residential, 6th Edition (2017), for a separate means of egress.

TAC Comments:

Commissioner Schiffer provided information on prior builds in this area and his opinion of the way the code is meant to be used for this project type.

Mr. Holland stated he did not see any difference than what would be in a multi-family dwelling such as apartments with a hallway connecting several units to a common public exit.

Public Comments: None

Mr. Holland entered a motion to accept staff analysis. Commissioner Hamberger seconded the motion. The motion passed unanimously with a vote of 7 to 0.

There was no further business before the TAC.

Final Roll Call:

Ms. Peters performed a final roll call; all 7 original members remained on the call.

Adjourn: The meeting adjourned at 2:27 p.m.
