Mo and Jeff,

Section 1802 Exception 3 second sentence states "Notwithstanding when such.....unit owner notice requirement in Section 1806.2." Section 1806.2 was deleted previously as we determined we were not the enforcement authority over Associations notifying their unit owner. Therefore, we need to delete this section sentence in 1802 Exception 3. Honestly, I would think this could be just an editorial deletion by staff as we already took the action to delete 1806.2.

Let me know if you need me to submit something formal or if you are going to handle this editorially.

Have a greater one!
