To accept public input and provide recommendations on the proposed code changes for the update to the 8th Edition (2023) Florida Building Code and local Amendments, as applicable:

Mr. Blair provided an overview of the process for making recommendations about the proposed code modifications.

Motion:

Mr. Gascon made the following motion: that for all motions to approve a proposed Code amendment, the Technical Advisory Committee's recommendation shall be based on the following findings, pursuant to the requirements of sections 553.73 (9)(a) and (9)(b), F.S.: A. The amendment is needed in order to accommodate the specific needs of this state; B. The amendment has a reasonable and substantial connection to the health, safety, and welfare of the general public; C. The amendment strengthens or improves the Florida Building Code, or in the case of innovation or new technology, will provide equivalent or better products or methods or systems of construction; D. The amendment does not discriminate against materials, products, methods, or systems of construction of demonstrated capabilities; E. The amendment does not degrade the effectiveness of the Florida Building Code; F. The amendment has the following fiscal impact relative to the costs and benefits of the proposed amendment: 1. The fiscal impact relative to enforcement imposed upon local government is as indicated by the proponent. 2. The fiscal impact of compliance imposed upon building and property owners is as indicated by the proponent. 3. The fiscal impact relative to compliance imposed upon industry is as indicated by the proponent. 4. The amendment demonstrates by evidence or data that the state's geographical jurisdiction exhibits a need to strengthen the code beyond the needs or regional variations addressed by the code and why the proposed amendment applies to this state; G. The amendment's benefits noted with regard to fiscal impact and efficacy outweigh the costs imposed; and H. The amendment does not diminish requirements related to wind resistance or

prevention of water intrusion contained in the Code or its referenced standards and criteria. Mr. Guerasio seconded the motion. The motion passed unanimously with a vote of 11 to 0.
