RE: Rule 9B-72 Request For Declaratory Statement

Dear Mr. Modani,

ITW Buildex manufactures a pin called Gyp-Fast[®] used to attach exterior sheathing to light gauge steel framing. We are currently having difficulty selling this product in the State of Florida because we do not have State Product Approval for this fastener. We applied for State Product Approval for this fastener in 2004, but our application was denied on the following ground(s):

FL#2941, Fasteners other than roofing fasteners are outside the scope of the Rule.

Since our Gyp-Fast[®] pin is outside the scope of Rule 9B-72, we are requesting a Declaratory Statement stating that our Gyp-Fast[®] pin is outside the scope of Rule 9B-72 and that no State Product Approval is required to use the Gyp-Fast[®] pin with the State of Florida.

Sincerely,

Bert Kolodziej P.E.
