

**FLORIDA BUILDING COMMISSION
ACCESSIBILITY ADVISORY COMMITTEE
March 20, 2006**

The meeting opened and a quorum being present, the agenda and minutes were approved.

The following issues required action:

Proposed Legislative Changes: Consider pursuing changes to require automatic waivers if 30 degree or less sight lines is demonstrated; specific modification to toilet room design for self closing doors and interior hardware; overall review of the code to assess if additional changes are required.

Public Comment: Develop a system to allow public comment on TAC issues.

Detectable Warnings and Curb Cuts: Request a presentation at the May meeting by DOT staff regarding recent federal guidelines.

Hotel Improvements: Develop a process for assisting hotels with making facilities more accessible and suitable for needs of specific disabilities. TAC members to submit up to date profiles of accommodation needs.

Next agenda was set and meeting adjourned.
