FLORIDA BUILDING COMMISSION

FLORIDA ACCESSIBILITY CODE WORKGROUP REPORT

OVERVIEW

The scope of the Workgroup is to develop recommendations for amending the Florida Accessibility Code for Building Construction once the US Department of Justice completes its adoption of the next generation of the ADA Accessibility Standards. The task is to integrate the relevant Florida standards in ss. 553.501-553.513, F.S., into the 2004 ADAAG as adopted by 28 CFR 36 (prospective). Although DOJ's process is not complete, the Workgroup will begin with the 2004 ADAAG and modify the new draft FACBC to reflect DOJ's amendments when those are available.

The process for developing the new Accessibility Code will be divided into major tasks as follows:

Task 1:

Integration of Florida standards located in the current Florida Accessibility Code into sections of the 2004 ADAAG that have a one for one parallel section.

Task 2:

Deciding what to do with Florida standards that are in sections/subsections of 1994 SAD that do not have a one for one parallel section in the 2004 ADAAG.

Task 3:

Integration of Florida standards into new sections in the 2004 ADAAG that have no parallel in the Florida Accessibility Code (e.g., recreational facilities).

Task 4:

Revising the draft Florida Accessibility Code based on the 2004 ADAAG for changes made by DOJ in its rule making.

Workgroup Adopted Project Strategy

The Workgroup voted unanimously, 18 - 0 in favor, to integrate all current Florida Specific requirements into the Proposed DOJ SAD (Standards for Accessible Design), June 2008, and concurrently evaluate and make recommendations on the Florida Specific requirements and ancillary topics, with recommendations forwarded to the Legislature for enhancements or removal of specific Florida requirements and ancillary issues.

At Meeting I the Workgroup was asked as a threshold question whether to proceed with consideration regarding integrating the Florida Specific requirements into the DOJ SAD, June 2008 or delay pending completion of rulemaking.

Workgroup Action:

Motion—The Workgroup voted* unanimously, 18 - 0 in favor, to move forward with developing the new Florida Accessibility Code without delay.
