

9B-3.050 Statewide Amendments to the Florida Building Code.

(4) For the purpose of amending the Florida Building Code, each proposed amendment to the Florida Building Code shall be submitted on the Code Amendment Proposal form, Form 9B-3.047-2004, available from the Building Code Information System at www.floridabuilding.org or by contacting the Codes and Standards Section, Department of Community Affairs, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399. The Code Amendment Proposal form shall be submitted online at www.floridabuilding.org and shall be reviewed by Commission staff for sufficiency. Commission staff shall ascertain 1) whether the amendment has been submitted in legislative format, 2) if the rationale for amending the code has been provided, and 3) if all six questions regarding fiscal and other impacts have been answered by the proponent. The term “NA” or “Not applicable” shall be considered an insufficient answer. If a proposed code amendment is submitted more than two weeks prior to the deadline established and staff finds the proposal to be insufficient, staff shall notify the proponent via email of the nature of its insufficiency and that if the proponent of the amendment elects to resubmit the proposal curing the insufficiency, it must be resubmitted prior to the deadline. Once a Code Amendment Proposal has been found sufficient, Commission staff shall verify such status online, enabling the Building Code Information System to show the proposal to the general public for comment. Code Amendment Proposals found insufficient shall not be verified or processed for consideration in the code amendment process.
