

Draft TABLE 2703
CROSS REFERENCES DEFINING ELECTRICAL REQUIREMENTS
OF THE FLORIDA BUILDING CODE

Note: This table is provided only as a tool to assist the construction industry as a general guide. User should review all sections of the code in order to determine specific applicable electrical requirements.

Florida Building Code 2004

Electrical Systems
Cross Reference

Florida Building Code - Building

Section		Section	
Chapter 1	Administration	Chapter 7	Fire-Resistance-Rated Construction
101	General	712	Penetrations
102	Applicability	714	Fire-Resistance Rating of Structural Members
105	Permits	715	Opening Protective
106	Construction Documents	716	Ducts and Air Transfer Openings
107	Temporary Structures and Uses		
108	Fees	Chapter 9	Fire Protection Systems
109	Inspections	901	General
111	Service Utilities	902	Definitions
		903	Automatic Sprinkler Systems
Chapter 2	Definitions	904	Alternative Automatic Fire-Extinguishing Systems
202	Definitions	907	Fire Alarm and Detection Systems
		908	Emergency Alarm Systems
Chapter 3	Use and Occupancy Classification	909	Smoke Control Systems
302	Classification	910	Smoke and Heat Vents
306	Factory Group F	911	Fire Command Center
307	High -Hazard Group H		
311	Storage Group S	Chapter 10	Means of Egress
		1006	Means of Egress Illumination and Signs
Chapter 4	Special Detailed Requirement Based on Use and Occupancy	1008	Doors, Gates and Turnstiles
402	Covered Mall Buildings	1033	Day Care
403	High-Rise Buildings		
404	Atriums	Chapter 11	Florida Accessibility Code For Building Construction
405	Underground Buildings		Part A
		11-3	Miscellaneous Instructions and Definitions
406	Motor-Vehicle-Related Occupancies	11-4	Accessible Elements and Spaces: Scope and Technical Requirements
407	Group I-2		
408	Group I-3	11-9	Accessible Transient Lodging
409	Motion Picture Projection Rooms		Part B
412	Aircraft-Related Occupancies		
414	Hazardous Materials	5	Guidelines

415	Groups H-1, H-2, H-3, H-4 and H-5		
419	Hospitals	Chapter 12	
420	Nursing Homes	1205	Lighting
421	Ambulatory Surgical Centers		
423	State Requirements for Educational Facilities	Chapter 13 13-101	Energy Efficiency Scope
424	Swimming Pools and Bathing Places (Public and Private)	Subchapter 13-2	Definitions
425	Public Lodging Establishments	13-3	Referenced Standards and Organizations
426	Public Food Service Establishments	13-4	Commercial Building Compliance Methods
427	Mental Health Programs	13-6	Residential Building Compliance Methods
428	Manufactured Buildings	Appendix 13-B	Supplemental Information for Subchapter 13-4
431	Transient Public Lodging Establishments		
435	Control of Radiation Hazards	Chapter 26	Plastic
436	Day Care Occupancies	2606	Light-Transmitting Plastics

Florida Building Code 2004

**Electrical Systems
Cross Reference
Florida Building Code - Building Continued**

Section		Section	
Chapter 26	Plastic	3006	Machine Rooms
Continued		3011	Alterations to Electric and Hydraulic Elevators and Escalators
2611	Light-Transmitting Plastic Interior Signs		
2612	High-Velocity Hurricane Zones-Plastics	Chapter 31	Special Construction
		3102	Membrane Structures
Chapter 27	Electrical	3108	Radio and Television Towers
2701	General	3112	Lighting, Mirrors, Landscaping
2702	Emergency and Standby Power Systems		
		Chapter 33	
Chapter 30	Elevators and Conveying Systems	3306	Protection of Pedestrians
3003	Emergency Operations	3310	Exits
3005	Conveying Systems		
		Chapter 35	Referenced Standards
