Re: Maritime School
3787 Old Middleburg Rd N
Jacksonville, FL 32210

To whom it may concern,

This letter is to note that the space at the above listed address has been designed to provide access to the main floor of this building.

Per our understanding of the FBC Accessibility Code 202.4.1-2 Disproportionate Cost, installing a means of vertical accessibility to the existing second floor of this space (reference cost estimates provided in application) should be considered to be a disproportionate cost comparatively to the total cost of non-elective construction.

Vertical accessibility has been implemented at all required first-floor egress points to ensure accessibility to the main function of the space.

If you have any questions or concerns, please feel free to call my office at (904) 379-5108.

Thanks so much!

Sincerely,

John Allmand, AIA, LEED AP BD&C

President
