

ADMINISTRATIVE COURSE REVIEW SUMMARY REPORT FOR THE JUNE (2024) ED
POC MEETING

NEW COURSES...June 2024 ED POC Meeting

1.) Course Number 1278.0...

Course: 2023 Residential Advanced Florida Building Code - Internet

Provider: A Builders License Training Institute

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 5/09/2024

This is a 1-hour online course that provides the one-hour advanced module course CE approved by the FBC or the Board necessary to renew your license. It covers a selection of changes to the 2023 edition of the Florida Building Code-Residential (FBC-R) from the 2020 edition, including codes affecting Wind Design, Stairways, Sun Control Structures, Flood-Resistant Construction, Exterior Coverings, Soffits, Roof Assemblies, and Residential Permanently Installed Standby Generators.

As a result of an administrative review of this course, I found no issues and recommend approval.

2.) Course Number 1277.0...

Course: Commercial Lighting Controls 2023 FBC – EC 8th Ed. Advanced Building Code Course

Provider: Legrand/Wattstopper

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 4/30/2024

This is a 1-hour instructor led course that covers the 2023 Florida Building Code 8th Edition of the Energy Conservation section for commercial building lighting controls. It is an Advanced Building Codes Course that includes the commercial lighting control requirements (C405.2), lighting power requirements (C405.3), as well as the applicable sections for Additional Efficiency(C406), Functional Testing(C408) and Lighting Alterations (C503).

As a result of an administrative review of this course, I found no issues and recommend approval.

3.) Course Number 1271.0...

Course: 8th Edition (2023) Advanced Florida Energy Conservation Code (1271.0)

Provider: Electrical Council of Florida

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 4/26/2024

This is a 2-hour instructor led course that provides a comprehensive review of the electrical power and lighting requirements of the 8th Edition (2023) Florida Energy Conservation Code for both residential and commercial applications that went into effect on December 31, 2023.

After an administrative review of this course, it was found that...

- a. The training provider contact information was missing from the Certificate of Completion.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the training provider contact information to the Certificate of Completion.

4.) Course Number 1273.0...

Course: 2023 Advanced FBC Significant Code Changes Review

Provider: Contractors Continuing Education, Inc.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date:4/28/2024

This is a 1-hour online course that presents the significant code changes from the 2020 Florida Building Code (7th edition) to the 2023 Florida Building Code (8th edition). The course highlights the differences and includes the most significant Florida specific changes.

After an administrative review of this course, it was found that...

- a. The training provider contact information was missing from the Certificate of Completion.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the training provider contact information to the Certificate of Completion.

5.) Course Number 1268.0...

Course: 2023 Advanced FBC Significant Code Changes

Provider: Elite CEU, Inc.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 4/24/2024

This is a 1-hour online course that presents the significant code changes from the 2020 Florida Building Code (7th edition) to the 2023 Florida Building Code (8th edition). The course highlights the differences and includes the most significant Florida specific changes.

As a result of an administrative review of this course, I found no issues and recommend approval.

6.) Course Number 1270.0....

Course: 2023 Advanced Building Code Internet Course – Gable End Anchoring and Framing in High Velocity Hurricane Zones

Provider: JADE Learning

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 4/08/2024

This is a 1-hour online course that provides the one-hour Advanced Building Code Update class that would satisfy the minimum requirement for renewing an architect's license in Florida. It covers a selection of codes from Chapters 15, 21, 22, and 23 that deal directly with design and construction of structures in Florida's High-Velocity Hurricane Zones.

As a result of an administrative review of this course, I found no issues and recommend approval.

7.) Course Number 1266.0....

Course: 2023 Residential Advanced Florida Building Code - Internet

Provider: At Your Pace Online

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 4/08/2024

This is a 1-hour online course that provides the one-hour advanced module course CE approved by the FBC or the Board necessary to renew your license. It covers a selection of changes to the 2023 edition of the Florida Building Code-Residential (FBC-R) from the 2020 edition, including codes affecting Wind Design, Stairways, Sun Control Structures, Flood-Resistant Construction, Exterior Coverings, Soffits, Roof Assemblies, and Residential Permanently Installed Standby Generators.

As a result of an administrative review of this course, I found no issues and recommend approval.

8.) Course Number 1269.0....

Course: 2023 Advanced FBC: Building Significant Changes - Internet

Provider: Architects Parti, LLC

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 4/03/2024

This is a 2-hour online course that will focus specifically on the changes to the (8th Edition) 2023 Florida Building Code Changes sections. This is intended to provide a comprehensive comparison of the provisions in the 7th Edition (2020) Florida Building Code and the 8th Edition (2023) Florida Building Code. It is not intended to replace or interpret the provisions contained in either the 7th Edition (2020) or the 8th Edition (2023) FBCB. This information simply points out the notable differences.

As a result of an administrative review of this course, I found no issues and recommend approval.

9.) Course Number 1251.0....

Course: 2023 Advanced Florida Building Code Significant Code Changes

Provider: Nationwide Contractor learning

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 3/28/2024

This is a 2-hour online course that presents the significant code changes from the 2020 Florida Building Code (7th edition) to the 2023 Florida Building Code (8th edition). The course highlights the differences and includes the most significant Florida specific changes.

As a result of an administrative review of this course, I found no issues and recommend approval.

10.) Course Number 1280.0....

Course: Advanced FBC 8th Edition (2023) – Architectural Acoustic Requirements in the Code

Provider: AIA Florida

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 5/20/2024

This is a 2-hour instructor led course that focuses on FL Building Code requirements (section 1207) for acoustics in living and dwelling units. Part 1 covers Sound Transmission Class and Impact Insulation Class requirements, laboratory and field rating systems and testing standards. Part 2 explores acoustical systems, potential pitfalls, and construction. Part 3 covers section

1211 on classroom acoustics, including applicability, requirements, evaluation methods and compliance procedures.

As a result of an administrative review of this course, I found no issues and recommend approval.

11.) Course Number 1282.0....

Course: Advanced FBC 8th Edition (2023) – Architectural Acoustic Requirements in the Code – Online

Provider: AIA Florida

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 5/20/2024

This is a 2-hour online course that focuses on FL Building Code requirements (section 1207) for acoustics in living and dwelling units. Part 1 covers Sound Transmission Class and Impact Insulation Class requirements, laboratory and field rating systems and testing standards. Part 2 explores acoustical systems, potential pitfalls, and construction. Part 3 covers section 1211 on classroom acoustics, including applicability, requirements, evaluation methods and compliance procedures.

As a result of an administrative review of this course, I found no issues and recommend approval.

12.) Course Number 1248.0....

Course: Advanced Florida Building Code 8th Edition (2023): Covering the Most Significant Changes

Provider: Decatur Professional Development

Accreditor: Charles Barr

Accreditation date: 5/19/2024

This is a 2-hour online course that covers a selection of the most significant changes made to the Florida Building Code during the transition from the 7th Edition to the 8th Edition. This course is designed to cover the most significant changes from the 7th Edition to the 8th Edition of the Code, but not every change made between the two revisions of the Code.

As a result of an administrative review of this course, I found no issues and recommend approval.

ADMINISTRATIVELY APPROVED UPDATED COURSE... June 2024 ED POC Meeting

1.) Course Number 444.4....

Course: 2023 Advanced Code Requirements For Residential Construction – Internet Course (8th Edition)

Provider: On-Line-Classes.com

Accreditor: JC Code & Construction Consultants, Inc.

Affirmation date: 5/28/2024

This is a 1-hour online course that is designed to provide licensees with an understanding of 2023 building code requirements for residential construction. It relays the fundamental importance of adhering to building codes and standards and the purpose of the Florida Building Code. Specific areas discussed include: permitting and inspection; spatial and structural concepts and requirements; creating a means of egress system; mechanical and plumbing requirements; and termite protection.

As a result of an administrative review of this course, I found no issues and recommend approval.

SELF AFFIRMED (ONE CHANGE) COURSES...June 2024 ED POC Meeting

1.) Course Number 965.1....

Course: Advanced FBC: Fair Housing vs Florida Accessibility Code FBC – Accessibility: Who, What, When, Where

Provider: AIA Florida

Prior Accreditor: Code Consulting Services

Affirmation date: 5/15/2024

This is a 2-hour instructor-led course that compares Fair Housing regulations with the requirements of the FBC Accessibility. Also discussed is the requirement for common and public use areas, highlighting little noticed elements which are not as well known to practitioners as well as those where non-compliances that are commonly found during field inspections. This advanced course will look beyond code requirements and dive into the weeds of compliance, providing specific, re-useable guidance for architects.

As a result of an administrative review of this course, I found no issues and recommend approval.

2.) Course Number 1026.1....

Course: Advanced FBC: Fair Housing vs Florida Accessibility Code: Who, What, When, Where & How - Online

Provider: AIA Florida

Prior Accreditor: Code Consulting Services

Affirmation date: 5/29/2024

This is a 2-hour online course that compares Fair Housing regulations with the stricter requirements of the FBC Accessibility with an eye towards when one applies over the other and when both apply. The course will compare the differences between useable and accessible elements as defined by Fair Housing and compare those with the more exacting requirements of the Florida Building Code and the ADA, then discuss the application of each set of requirements.

As a result of an administrative review of this course, I found no issues and recommend approval.
