

ADMINISTRATIVE COURSE REVIEW SUMMARY REPORT FOR THE OCTOBER
(2023) ED POC MEETING

NEW COURSES...October 2023 ED POC Meeting

1.) Course Number 1150.0...

Course: Advanced Florida Building Code, 8th Edition, Common Codes, Standards, & Guidelines

Provider: CEI of America, Inc.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 9/19/2023

This is a 1-hour instructor-led course that will offer an explanation of the Florida Building Code with the goal of locating and understanding commonly encountered codes. This course covers administrative responsibilities, such as inspection requirements and Occupancy Classification, as well as technical responsibilities, such as fire resistance and foundation requirements.

As a result of an administrative review of this course, I found no issues and recommend approval.

2.) Course Number 1165.0...

Course: Advanced Course: Wiring For Building Repairs, 2023 FBC

Provider: Electrical Training Resources LLC

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date:9/18/2023

This is a 1-hour instructor led course that addresses the scope and minimum requirements for electrical work performed as a repair. Repairs, as defined by FBC--Existing Building, are considered in comparison to Alterations. The presentation discusses selection of materials, replacement of receptacles & smoke detectors, repairs in patient care spaces, and repairs involving existing clothes dryer & cooking appliance circuits.

As a result of an administrative review of this course, I found no issues and recommend approval.

3.) Course Number 1160.0...

Course: Advanced Florida Building Code, 8th Edition, Common Codes, Standards, & Guidelines

Provider: Gold Coast School of Construction, Inc.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 9/14/2023

This is a 1-hour instructor-led course that will offer an explanation of the Florida Building Code with the goal of locating and understanding commonly encountered codes. This course covers administrative responsibilities, such as inspection requirements and Occupancy Classification, as well as technical responsibilities, such as fire resistance and foundation requirements.

As a result of an administrative review of this course, I found no issues and recommend approval.

4.) Course Number 1161.0....

Course: Advanced Florida Building Code, 8th Edition, Common Codes, Standards, and Guidelines

Provider: Gold Coast School of Construction, Inc.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 9/14/2023

This is a 1-hour online course that will offer an explanation of the Florida Building Code with the goal of locating and understanding commonly encountered codes. This course covers administrative responsibilities, such as inspection requirements and Occupancy Classification, as well as technical responsibilities, such as fire resistance and foundation requirements.

As a result of an administrative review of this course, I found no issues and recommend approval.

5.) Course Number 1153.0....

Course: Advanced Florida Building Code, 8th Edition, Common Codes, Standards, and Guidelines

Provider: CEI of America, Inc.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 9/14/2023

This is a 1-hour online course that will offer an explanation of the Florida Building Code with the goal of locating and understanding commonly encountered codes. This course covers administrative responsibilities, such as inspection requirements and Occupancy Classification, as well as technical responsibilities, such as fire resistance and foundation requirements.

As a result of an administrative review of this course, I found no issues and recommend approval.

6.) Course Number 1147.0....

Course: 2023 Advanced Building Code 8th Edition – Mechanical – Significant Code Changes

Provider: Southard Engineering, Inc.

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 9/06/2023

This is a 1-hour online course that will review the significant code changes in the 8th Edition update to the 2023 Florida Building Code, Mechanical as compared to the 7th Edition 2020 Florida Building Code, Mechanical. This is an advanced code course that covers the most significant changes in the 2023 Florida Building Code, Mechanical, and is designed for mechanical engineers.

As a result of an administrative review of this course, I found no issues and recommend approval.

7.) Course Number 1151.0....

Course: Advanced Florida Building Code, Building, 8th Edition 2023 Building/Structural Summary Internet

Provider: AAA Construction School, Inc.

Accreditor: Bill Dumbaugh

Accreditation date: 9/05/2023

This is a 1-hour online course that is a summary of significant changes from the 2020 to the 2023 Florida Building Code, Building. This course is intended to familiarize licensed construction industry professionals (architects, building officials, building plans examiners, code inspectors, contractors, engineers, home inspectors, and interior designers) about changes between the 2020 and 2023 Editions of Florida Building Code.

As a result of an administrative review of this course, I found no issues and recommend approval.

8.) Course Number 1152.0....

Course: Advanced Florida Building Code, Building, 8th Edition 2023 Building/Structural Summary Classroom

Provider: AAA Construction School, Inc.

Accreditor: Bill Dumbaugh

Accreditation date: 9/05/2023

This is a 1-hour instructor-led course that is a summary of significant changes from the 2020 to the 2023 Florida Building Code, Building. This course is intended to familiarize licensed construction industry professionals (architects, building officials, building plans examiners, code inspectors, contractors, engineers, home inspectors, and interior designers) about changes between the 2020 and 2023 Editions of Florida Building Code.

As a result of an administrative review of this course, I found no issues and recommend approval.

9.) Course Number 1148.0....

Course: 2023 Advanced FBC 8th Edition General Lighting Loads By Occupancy

Provider: Jake Leahy's Electrical Code Connection

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 8/25/2023

This is a 1-hour instructor-led course that will look at the new 2020 NEC general lighting load requirements.

As a result of an administrative review of this course, I found no issues and recommend approval.

10.) Course Number 1144.0....

Course: 2023 Advanced Building Code, 8th Edition – Means of Egress

Provider: Titan Continuing Education, Inc.

Accreditor: Bill Dumbaugh

Accreditation date: 8/08/2023

This is a 1-hour online course that is designed to provide contractors, architects and engineers with an overview of the technical requirements contained in Chapter 10, Means of Egress, of the Florida Building Code, Building Volume. This course will also assist code users in identifying specific code changes that have occurred in the 8th Edition (2023) of the code and to understand specific aspects of the changes.

As a result of an administrative review of this course, I found no issues and recommend approval.

11.) Course Number 1130.0....

Course: 2023 Florida Advanced Building Code: Accessibility, Scoping Requirements, 8th Edition

Provider: Vector Solutions

Accreditor: Bill Dumbaugh

Accreditation date: 8/29/2023

This is a 1-hour online course that covers the scoping provisions of the Florida Building Code – Accessibility: Chapter 2. We will discuss where the code is applicable, the vertical accessibility

requirements, disproportionate costs, exceptions, accessible routes, parking, and the number of specific applications.

After an administrative review of this course, it was found that...

a. The “Method of Course Presentation” was missing.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the “Method of Course Presentation.”

12.) Course Number 1131.0....

Course: 2023 Florida Advanced Building Code: Accessibility, Application, and Administration, 8th Edition

Provider: Vector Solutions

Accreditor: Bill Dumbaugh

Accreditation date: 8/29/2023

This is a 1-hour online course that will discuss the accessibility provisions of the Florida Building Code. We will cover statutory provisions, the format of the code, the use of advisory comments within the code, and the application and administration of the code.

After an administrative review of this course, it was found that...

a. The “Method of Course Presentation” was missing.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the “Method of Course Presentation.”

UPDATED COURSES...October 2023 ED POC Meeting

1.) Course Number 960.1....

Course: Advanced Florida Building Code (2023) 8th Edition, Building Swimming Pool Safety

Provider: Boss Construction School

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 8/31/2023

This is a 1-hour instructor led course that is designed to provide a summary of relevant FBC and NEC codes and standards (UL) and overview of proper ground, as well as luminaire bonding, GFCIs, stray voltage. Additionally, will review proper maintenance/servicing, repair and retrofitting.

As a result of an administrative review of this course, I found no issues and recommend approval.

2.) Course Number 962.1....

Course: Online Advanced Florida Building Code (2023) 8th Edition, Building Swimming Pool Safety

Provider: Boss Construction School

Accreditor: JC Code & Construction Consultants, Inc.

Accreditation date: 8/31/2023

This is a 1-hour online course that is designed to provide a summary of relevant FBC and NEC codes and standards (UL) and overview of proper ground, as well as luminaire bonding, GFCIs, stray voltage. Additionally, will review proper maintenance/servicing, repair and retrofitting.

As a result of an administrative review of this course, I found no issues and recommend approval.

SELF AFFIRMED (ONE CHANGE) COURSES...October 2023 ED POC Meeting

1.) Course Number 948.2....

Course: Advanced Course: Emergency Egress Lighting and Signage

Provider: Electrical Training Resources LLC

Prior Accreditor: Code Consulting Services

Affirmation date: 9/19/2023

This is a 1-hour instructor-led course that addresses requirements for the function and installation of luminaires intended to provide egress lighting and to indicate exit locations during an interruption of utility power.

As a result of an administrative review of this course, I found no issues and recommend approval.

2.) Course Number 853.1....

Course: 2023 Advanced Training: Accessible Routes Under the Florida Accessibility Code

Provider: JC Code & Construction Consultants, Inc.

Prior Accreditor: JDB Code Services, Inc.

Affirmation date: 9/04/2023

This is a 2-hour instructor led course that is designed to provide building code administrators, plans examiners, inspectors, design professionals and contractors with 2.0 hours of advanced building code training on the technical provisions contained in Chapter 4 of the 8th Edition (2023) of the Florida Building Code, Accessibility Volume, Chapter 4, Accessible Routes.

After an administrative review of this course, it was found that...

- a. The code edition (8th Edition) should be added to the Course Title on both the Syllabus and PowerPoint presentation.
- b. The reference to the 7th Edition in the “Course Description” should be changed to the 8th Edition.

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to adding the 8th Edition to the course titles of the Syllabus and PowerPoint and changing the 7th Edition to the 8th Edition in the Course Description.

3.) Course Number 854.1....

Course: 2023 Advanced Training: FMA/AAMA 200 Window Installation

Provider: JC Code & Construction Consultants, Inc.

Prior Accreditor: JDB Code Services, Inc.

Affirmation date: 9/04/2023

This is a 1-hour instructor led course that is designed to familiarize code officials, design professionals, and contractors with an overview of the window and flashing installation requirements contained in the FMA/AAMA 200 Window Installation standard, as referenced in the Florida Building Code, Residential Volume.

After an administrative review of this course, it was found that...

- a. The “2020” reference in the course title (Syllabus) should be changed to 2023
- b. The “2017” reference in the Course Description & Learning Objectives should be changed to “2023”
- c. The 2023 Code Edition should be added to the course title of the Powerpoint
- d. The 7th edition reference in the PowerPoint (slide 5) should be changed to 8th Edition

As a result, I recommend denial of this course because it does not meet the full requirements of Rule 61G20-6.002. However, the ED POC could motion to instead conditionally approve this course, subject to updating the code references listed above.

4.) Course Number 629.3....

Course: 2023 Advanced Training: The Florida Accessibility Code Ch. 2 Scoping Requirements

Provider: JC Code & Construction Consultants, Inc.

Prior Accreditor: Bill Dumbaugh

Affirmation date: 8/03/2023

This is a 2-hour instructor led course that is designed to provide building code administrators, plans examiners, inspectors, design professionals and contractors with 2.0 hours of building code training, specifically in the area of the Scoping Requirements as contained in Chapter 2 of the 8th Edition (2023) the Florida Building Code, Accessibility Volume.

As a result of an administrative review of this course, I found no issues and recommend approval.

5.) Course Number 1098.1....

Course: 2023 Advanced Accessible Water Closets & Toilet Compartments

Provider: JC Code & Construction Consultants, Inc.

Prior Accreditor: JDB Code Services, Inc.

Affirmation date: 8/02/2023

This is a 1-hour instructor led course that reviews the technical provisions for the design of accessible water closets and toilet rooms/compartments as required under the 8th Edition (2023) Florida Building Code, Accessibility Volume.

As a result of an administrative review of this course, I found no issues and recommend approval.
