Subject: Product Conformance to the 8th Edition (2023) Florida Building Code

Dear Sir (Madam),

I have reviewed the referenced Florida Product Approval and associated documents and found all drawings, reports, referenced test standards, and associated ancillary tests as noted in the currently approved documents listed below to be in compliance with the 8th Edition (2023) of the Florida Building Code.

It has been concluded that no revisions or changes to the referenced standards and standard years has occurred between Chapter 35 of the 7th Edition (2020) and Chapter 35 of the 8th Edition (2023) of the Florida Building Code. Therefore, all test standards listed below are valid for the 8th Edition (2023) of the Florida Building Code.

14800.1	PCO001	National Accreditation & Management Institute	AAMA/WDMA/CSA 101/I.S.2/A440-08
14800.2	PCO002		

To the best of my knowledge, all referenced & included test standards, methods of installation, details, and performance ratings have been found to comply with the 8th Edition (2023) of the Florida Building Code.

This product is manufactured under a quality assurance program currently approved by the Florida Building Commission.
