RE: FL23157, FL23225 & FL23953 [Equivalency of Code]

Dear Mr. Delfino,

Regarding the above referenced Florida Product Approval Numbers, their Evaluation Reports, and the fact that they were created for the Florida Building Code (2017) 6th Edition verses the Florida Building Code (2020) 7th Edition.

There have been no changes to the 2020 Code that affect the Evaluation Reports contained in these Florida Product Approvals and the Evaluation Reports can therefore be used as-is when moving them to the Florida Building Code (2020) 7th Edition.

Locke Bowden, P.E.
