SolteQ Interlocking Solar Tiles
FL PA #9944.1
IEC/UL 61730 UL 1703 Equivalency Certification
ASTM E108
TAS 100

SolteQ Interlocking Solar Tiles are certified by PRI Construction Materials Technologies LLE as conforming to IEC/UL 61730-17. As identified by Underwriters Laboratory and Intertek Testing Services NA documents, The standard is recognized to replace UL 1703-02. IEC/UL 61730 intended to harmonize the European and US standards for photo voltaic modules. It contains some provisions that are more stringent than those for UL 1703 as well as new and updated requirements to address innovation in component technology and materials.

Based on the above considerations, the undersigned attests to the equivalency of IEC/UL 61730-17 to the FBC referenced UL 1703-02.

Additionally we attest that ASTM E108-16 is consistent with ASTM E108-17 and TAS 100-95 is consistent with TAS 100-23
