## **Evaluation Report**

"Cee-Lock Panel"

Metal Roof Assembly

Manufacturer:

### **Berridge Manufacturing Company**

1720 Maury Road

Houston, TX 77026

(800) 231-8127

for

Florida Product Approval

### # FL 11269.4 R8

Florida Building Code 8th Edition (2023)

Method: 1 - D

Category: Roofing

Sub - Category: Metal Roofing

Product: Material: Panel Thickness: Panel Width: Support: Cee-Lock" Roof Panel Aluminum 0.032" 16.5" Steel Deck This item

This item has been digitally signed and sealed by James L. Buckner, P.E., on this date below. Printed copies of this document are not considered signed and sealed, and the signature must be verified on any electronic copies.

### Specialty Structural Engineering

CBUCK, Inc. Certificate of Authorization #8064

| Performance Standards:                | <ul> <li>The product described herein has demonstrated compliance with:</li> <li>UL580-06 - Test for Uplift Resistance of Roof Assemblies</li> <li>UL 1897-15 - Uplift test for roof covering systems</li> <li>TAS 125-03 - Standard Requirements for Metal Roofing Systems</li> </ul>  |
|---------------------------------------|---|
| Code Compliance:                      | The product described herein has demonstrated compliance with Florida Building Code 8th Edition (2023), Section 1504.3.2.   |
| Standards Equivalency:                | The UL 580-94 & UL 1897-98 standard version used to test the applicable evaluated product assembl(ies) are equivalent with the prescribed standards in UL 580-06 & UL 1897-15 adopted by the Florida Building Code 8th Edition (2023).  |
| Evaluation Report<br>Scope:           | This product evaluation is limited to compliance with the structural requirements of the Florida Building Code, as related to the scope section to Florida Product Approval Rule 61G20-3.001.   |
| Limitations and<br>Conditions of Use: | <ul> <li>Scope of "Limitations and Conditions of Use" for this evaluation:<br/>This evaluation report for "Optional Statewide Approval" contains technical documentation, specifications and installation method(s) which include "Limitations and Conditions of Use" throughout the report in accordance with Rule 61G20-3.005. Per Rule 61G20-3.004, the Florida Building Commission is the authority to approve products under "Optional Statewide Approval".</li> <li>Option for application outside "Limitations and Conditions of Use" Rule 61G20-3.005(1)(e) allows engineering analysis for "project specific approval by the local authorities having jurisdiction in accordance with the alternate methods and materials authorized in the Code". Any modification of the product as evaluated in this report and approved by the Florida Building Commission is outside the scope of this report.</li> <li>Design of support system is outside the scope of this report.</li> <li>Fire Classification is outside the scope of Rule 61G20-3, and is therefore not included in this evaluation.</li> <li>This evaluation report does not evaluate the use of this product for use in the High Velocity Hurricane Zone code section. (Dade &amp; Broward Counties)</li> </ul> |
| Quality Assurance:                    | The manufacturer has demonstrated compliance of roof panel products in accordance with the Florida Building Code and Rule 61G20-3.0005 (3) for manufacturing under a quality assurance program audited by an approved quality assurance entity through UL, LLC (FBC Organization #: QUA 9625).  |

Installation:

#### **Installation Method:**

(Refer to "TABLE A" below and drawings at the end of this report.)

- Clip Spacing: Refer to "TABLE A" Below (along the length of the panel)
   Rib Interlock: Snap-Lock
- (Panel ribs shall be fully engaged to form an integral snap-lock.)
- Minimum fastener penetration thru bottom of support, 3/4". (through bottom flute of steel deck)
- For panel construction at the end of panels, refer to manufacturer's instructions and any site specific design.

| TABLE "A"<br>ALLOWABLE LOADS                                    |                   |               |                       |             |                 |                    |
